

Circuito de Cuerdas

Rope Circuit

Parcours de Cordes

ESP

El **Circuito de Cuerdas** de **Industrias Agapito** combina innovación, resistencia y diseño ergonómico para crear una experiencia única de juego y aventura. Diseñado especialmente para parques infantiles, centros de ocio y espacios al aire libre, este circuito ofrece una solución ideal para fomentar la actividad física, la coordinación y la diversión en los más pequeños.

Destaca por estar fabricado con materiales de alta calidad, como cuerdas de polipropileno trenzado con núcleo de acero galvanizado, lo que garantiza una excelente resistencia al desgaste, la intemperie y el uso intensivo. Sus estructuras, diseñadas en acero estructural con tratamientos anticorrosión y pintura en polvo poliéster, aseguran una gran durabilidad y una vida útil prolongada. Gracias a su diseño modular, el circuito puede configurarse de manera personalizada para adaptarse a distintos espacios y requerimientos, ofreciendo opciones con diferentes alturas, recorridos y niveles de dificultad. Además, cumple con las normativas de seguridad EN 1176 para juegos infantiles, lo que garantiza su seguridad y fiabilidad tanto para los operadores como para los usuarios.

ENG

The **Rope Circuit** by **Industrias Agapito** combines innovation, durability, and ergonomic design to create a unique play and adventure experience. Specially designed for playgrounds, leisure centers, and outdoor spaces, this circuit offers an ideal solution to promote physical activity, coordination, and fun for children.

It stands out for being made from high-quality materials, such as polypropylene ropes with a galvanized steel core, ensuring excellent resistance to wear, weather, and heavy use. Its structures, crafted from structural steel with anti-corrosion treatments and polyester powder coating, guarantee great durability and a long lifespan. Thanks to its modular design, the circuit can be customized to suit different spaces and requirements, offering options with various heights, routes, and levels of difficulty. Moreover, it complies with EN 1176 safety standards for playground equipment, ensuring reliability and safety for both operators and users.

FRA

Le **Parcours de Cordes** d'**Industrias Agapito** combine innovation, durabilité et design ergonomique pour créer une expérience unique de jeu et d'aventure. Conçu spécialement pour les aires de jeux, les centres de loisirs et les espaces extérieurs, ce circuit offre une solution idéale pour promouvoir l'activité physique, la coordination et le divertissement chez les enfants.

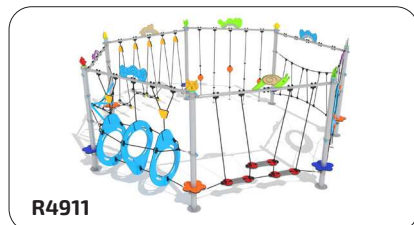

Il se distingue par l'utilisation de matériaux de haute qualité, tels que des cordes en polypropylène avec un noyau en acier galvanisé, garantissant une excellente résistance à l'usure, aux intempéries et à une utilisation intensive. Ses structures, fabriquées en acier structural avec des traitements anticorrosion et un revêtement en poudre de polyester, assurent une grande durabilité et une longue durée de vie. Grâce à son design modulaire, le circuit peut être personnalisé pour s'adapter à différents espaces et besoins, en proposant des options avec des hauteurs, des parcours et des niveaux de difficulté variés. De plus, il est conforme aux normes de sécurité EN 1176 pour les équipements de jeux, garantissant fiabilité et sécurité pour les opérateurs et les utilisateurs.
